WE CARE ABOUT YOUR FUTURE

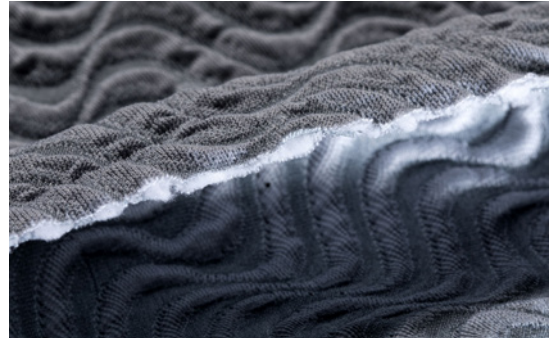

WARP KNITTING

# THE NEXT GENERATION OF SPACER

# CHARACTERISTIC OF 4D-KNIT FABRICS

- Complete new level of design potential
- Excellent padding properties
- Engineered seamless zones: combination of structures and designs, holes and 4D effect
- High / low relief structures
- Mesh areas
- Two-colour effects
- 4D effect can be altered if the elasticity for front and back yarn is changed.

The next dimension:  
The 4D-knit fabric is a spacer fabric with Jacquard patterning and filling

## APPLICATIONS RELATED TO WEIGHT

- Heavy: Upholstery, Automotive, Shoe, Mattress
- Light: Sportswear, Outerwear

## FUNCTIONALITY

- Elastic or rigid depending on the yarn used
- Cushioning properties
- Breathability
- Heat insulation

4D-knit

engineered

sustainable technology

breathable
